VINEYARD NOTES

Spring 2014. Father and son take up the challenge of buying vines in the Sauternes terroir. After spending 13 years in finance in London, Cyril along with his father and oenologist started their dream. As collectors, wine lovers and vine experts, Guy and Cyril entirely overhauled the estate upon their arrival. Each of the 8 plots of the domain rubs shoulders with the finest classified 1st growths and was minutely studied so as to achieve a comprehensive restructuring of the vineyard.

Guy and Cyril de Romance produce daring and unusual wines, a re-discovery of the potential of the Sauternes "terroir".
